gu - ris ter - mi - num. O res mi -

★ The additions to the original accompaniment (made in order to render effective the division of the parts between two manuals which has been adopted) are distinguished by small notes. These are, in each case, derived from the composer's organ accompaniment to Edition A. The organ part can be restored to its first form by omitting the small notes, transferring the eighth notes to the right hand, and altering the registration suitably. *Ed.*
